Welcome to FCBD 2020!

Get ready to dive into two adventures for all ages! In *Stranger Things*, the Scoops Troop discover that young Erica Sinclair smuggled out a dangerous object from the Russian facility below Starcourt Mall—they must once more come together to find a safe solution before government authorities discover the threat they pose! Then in the world of *Minecraft*, a young middle-schooler discovers puberty is not what she imagined. With the help of her friend, she learns just how fun being different can be as she explores her new *Minecraft* powers in the real world! If you're looking for more *Minecraft*, check out *Minecraft* Volume 1, *Minecraft: Stories from the Overworld*, and, later this month, look for *Minecraft: Wither Without You*. And, if you need more *Stranger Things* that is suitable for everyone, be sure to pick up *Stranger Things: Zombie Boys*!

Lastly, don't forget: thank your local comic shop for hosting this event—Free Comic Book Day could not happen without their support.

A LOVE THAT CROSSES LIGHT YEARS . . .

A sci-fi drama of a high school aged girl who belongs in a different time, a boy possessed by emptiness as deep as space, an alien artifact, mysterious murder, and a love that crosses light years . . .

When Amy's entire family is forced to move to Earth, Amy says goodbye to her best friend Jemmah and climbs into a cryotube to spend the next thirty years frozen in suspended animation, heading toward her new home. Her life will never by the same . . . and Jemmah is going to grow up without her. Once on Earth, Amy discovers high school only seemed difficult at first and a close group of friends has made the transition easier for Amy, but now she finds herself falling down a rabbit hole in her relationship with the mysterious, flavorless Oliver.
